

# Castle Parks Wildlife Watch

Friends of Berwick Castle Parks [www.friendsofcastleparks.org](http://www.friendsofcastleparks.org)

Coronation and Castle Vale Parks have been surveyed for wildlife weekly for the past 2 years as part of the BTO Garden birdwatch scheme . Our records show that these are the birds and insects you are likely to see in the Parks at this time of year.

How many of these birds did you see in the Parks ?

					
Robin		Blackbird		Dunnock	
					
Crow		Woodpigeon		Wren	
					
Blue Tit		Coal Tit		Great Tit	
					
Goldfinch		Jackdaw		Chaffinch	
					
House Sparrow		Song Thrush		Greenfinch	

Did you see active molehills ?

Did you see any grey squirrels ?

Did you see any rabbits ?

Did you see any birds not on the list above ?

Did you see any of these insects ?

 Red Admiral	 Painted Lady	 Small Tortoiseshell	
 Peacock	 Speckled Wood	 White	
 Common darter dragonfly	 Soldier beetle	 7-spot ladybird	
 Marmalade hoverfly	 Bee fly	 wasp	

We also count bumblebees. Did you see any of these ?

 Honey bee	 Carder Bee	 Buff/white-tailed Bee	
 Red-tailed bee	 Tree bee	 Early Bee	

If you have enjoyed doing our survey, why not set one up in your garden or local park ? You never know what you might find and the information is very valuable to get the bigger picture of what's happening to our wildlife across the country - **BTO Garden Birdwatch** [www.bto.org/gbw](http://www.bto.org/gbw)
